

Farm-dried wheat testing

The Canadian Grain Commission will give you the test results by telephone or by email. A letter with the results will also be sent to you.

Instructions

1. Take 500 g (1lb) sample before drying and mark it "BEFORE".
2. Take 500 g (1lb) sample after drying and mark it "AFTER".
3. Complete the card.
4. Place the card in the "AFTER" drying sample.
5. Tie or package the two samples together and send them parcel post to:

Ed Lysenko
Farm-Dried Wheat Testing Service
Grain Research Laboratory
Canadian Grain Commission
